Families can access the DayMap Parent Portal using the link below.

Daymap Connect is an extension of the Daymap Learning Management System which provides parents with access to key school and student information both at home on the go.

In order for access to occur Parafield Gardens High School will need to have one current email address from one parent/caregiver. Once this is configured families can use instructions below to access the parent portal.

If you are a new user then select the 'New User?' option. Once prompted on the next screen you will be required to enter your email address (this must be the email registered at Parafield Gardens High School) and student ID. Once you have entered the details a username and password will be sent instantly to your email account.

Click here to access the portal

The following screen will display:

Below the input fields is a checkbox labeled 'Save my login details and password on this computer' and a 'Sign In' button. The 'New User?' link is highlighted with a red rectangular box.
